

Commenting on the possibility of a federal no-call law over-riding the current Indiana law. The current law is the one I prefer. We used to receive 10 - 20 calls per week. Now, we receive no more than 1 per month. I do not want to be contacted by any telemarketers and do not want someone that considers me an "existing" customer to call - especially companies that I have terminated business with. Please either strengthen the federal law or do not impose it over the existing state law. Thank you.
